BRIGHT BEGINNINGS PROFESSIONAL SERVICES

## The Importance of a Floor Plan

Moves are stressful and the last thing you want is to move and find out that the furniture you paid the movers to take to your new home does not fit! We measure your furniture and prepare the floor plan so you know exactly what will fit, and where to place your furniture.

Movers love the floor plan! They know immediately what is going where. Families love the floor plan and no more paying the mover overtime as they move furniture from one end of the room to the other. Even better, no need to pay the mover extra money to put an item back on the truck because it did not fit.

If you are helping a loved one with downsizing or moving, don't forget the floor plan.
